

We Invest In
The Future Of Planet!

We Invest In **The Future Of Planet!**

We are laying the foundation to supply world-class solar components globally by the end of 2026. Our mission is to accelerate access to sustainable energy everywhere.

Crown Bankers is a legally registered financial platform operating in both the United Kingdom and New Zealand, ensuring full compliance with the regulatory frameworks of these countries. The company offers a global investment platform with a minimum investment of \$25, providing consistent daily returns.

Crown Bankers' investment portfolio includes ownership of two fully operational solar power plants and active investments in the electric vehicle (EV) sector, emphasizing their commitment to sustainable and profitable opportunities. Additionally, the platform has established strong partnerships with major payment networks like Visa, enabling global payment acceptance, including on platforms such as Amazon and eBay.

With official permissions to operate worldwide, Crown Bankers positions itself as a trusted partner for investors seeking growth in renewable energy and innovative financial solutions.

SOLAR & EV's

Powering The Future: Invest With Crown Bankers

At Crown Bankers, we navigate the evolving investment landscape to help our clients capitalize on groundbreaking opportunities. From the electrifying EV revolution to the renewable energy boom, cryptocurrency, and the stability of Forbes 500 giants, our strategic approach ensures a well-diversified and forward-thinking portfolio.

Why Invest In EVs?

The world is accelerating toward cleaner mobility, and EVs are at the forefront of this shift. Investing in this sector means capitalizing on a rapidly expanding market with significant long-term potential.

Charge Up Your Portfolio: Invest In The EV Revolution

The electric vehicle (EV) industry is driving a massive transformation in transportation, creating lucrative investment opportunities. With government incentives, declining battery costs, and soaring consumer demand, the global EV market is projected to reach \$1.8 trillion by 2030

Do you know?

Solar power plants

At Crown Bankers, our commitment to sustainable energy is exemplified through our investments in solar power. We have successfully established two state-of-the-art solar power plants, significantly contributing to the renewable energy landscape.

First Solar Power Plant

Our inaugural solar facility marked the beginning of our journey into renewable energy, laying the foundation for future projects and demonstrating our dedication to sustainable development.

Second Solar Power Plant in Groningen, Netherlands

Building upon our initial success, we expanded our operations by establishing a second solar power plant in Groningen, Netherlands. This strategic move not only enhances our renewable energy portfolio but also aligns with our goal of global expansion and commitment to environmental stewardship.

Strategic Equipment Procurement

To support the expansion of our solar initiatives, we entered into a Solar Equipment Purchase Agreement, acquiring 50,000 monocrystalline solar panels. This procurement underscores our dedication to utilizing advanced technology to boost the efficiency and capacity of our solar power plants.

Business Packages

SOLAR STARTER

\$25-\$4,999

Unlock the power of renewable energy with Crown Bankers. Explore our tailored investment plans designed to deliver sustainable energy returns while maximizing your financial growth. Invest in a cleaner, greener future with us today.

ROI Withdrawal Schedule

SOLAR STARTER

ROI Withdrawals On The 15th And 30th Of Every Month (2 Times Per Month)

POWER GROWTH

ROI Withdrawals On The 10th, 20th, And 30th Of Every Month (3 Times Per Month)

ELITE ENERGY

ROI Withdrawals Every Sunday (4 Times Per Month)

Returns On Investment (ROI)

Our service offers three investment packages - Solar Starter Package, Power Growth, Elite Energy - each with varying investment ranges, return rates, and durations. Investors receive returns ranging from 1.5% to 2.4% over periods of 130 to 150 days. The principle is partially returned, with higher-return packages providing a full return of the initial investment. This income stream allows investors to grow their wealth steadily, offering flexibility and transparency in alignment with Our company commitment to financial innovation and strategic investment in the digital landscape

Referral Bonus

At Crown Bankers, we value the power of community and shared success. Our Referral Bonus program is designed to reward your efforts in bringing new investors into our network. By referring others, you not only help them unlock financial growth but also earn a bonus of 7% to 9% as a thank-you for growing our investment family. Together, we can achieve more!

Binary Bonus At Crown Bankers

Binary Bonus At Crown Bankers

The Binary Bonus at our company is a rewarding incentive designed for members who bring new investors into our dynamic investment ecosystem. This bonus operates on a binary structure, where each member possesses a left and a right leg. Payments are determined by the investment volume in each leg, encouraging a balanced and sustainable growth strategy. Let's say an investor on the left side contributes \$15,000, and another on the right side invests \$20,000. The binary bonus is calculated based on the lesser leg volume, which is \$15,000 in this case. Assuming a 10% binary bonus rate, the bonus earned would be \$1,500. However, since there's a capping limit, let's say at \$1,000, the actual bonus paid out would be \$1,000, providing a streamlined and fair distribution of rewards.

Behind the Company

Our team of financial experts carefully selects and manages diverse investments to maximize returns while managing risk.

Adrian Cadiz

Chief Executive Officer

With nearly two decades of experience in marketing, business operations, and strategic growth, Adrian Cadiz leads Crown Bankers as CEO. His expertise extends to the renewable energy sector, where he has played a key role in integrating financial solutions with solar and EV projects. Under his leadership, Crown Bankers continues to drive innovation, efficiency, and expansion across all operations.

Edward Barrington

Chief Marketing Officer (CMO)

As the Chief Marketing Officer, Edward Barrington oversees all marketing initiatives at Crown Bankers. His expertise in brand development and market expansion plays a crucial role in growing the company's global presence.

Anee Sandrova

Relationship Manager (RM)

Anee Sandrova manages relations and operations in the Netherlands, particularly overseeing the Crown Bankers solar plant in Groningen. Her role ensures seamless coordination and development of our renewable energy projects.

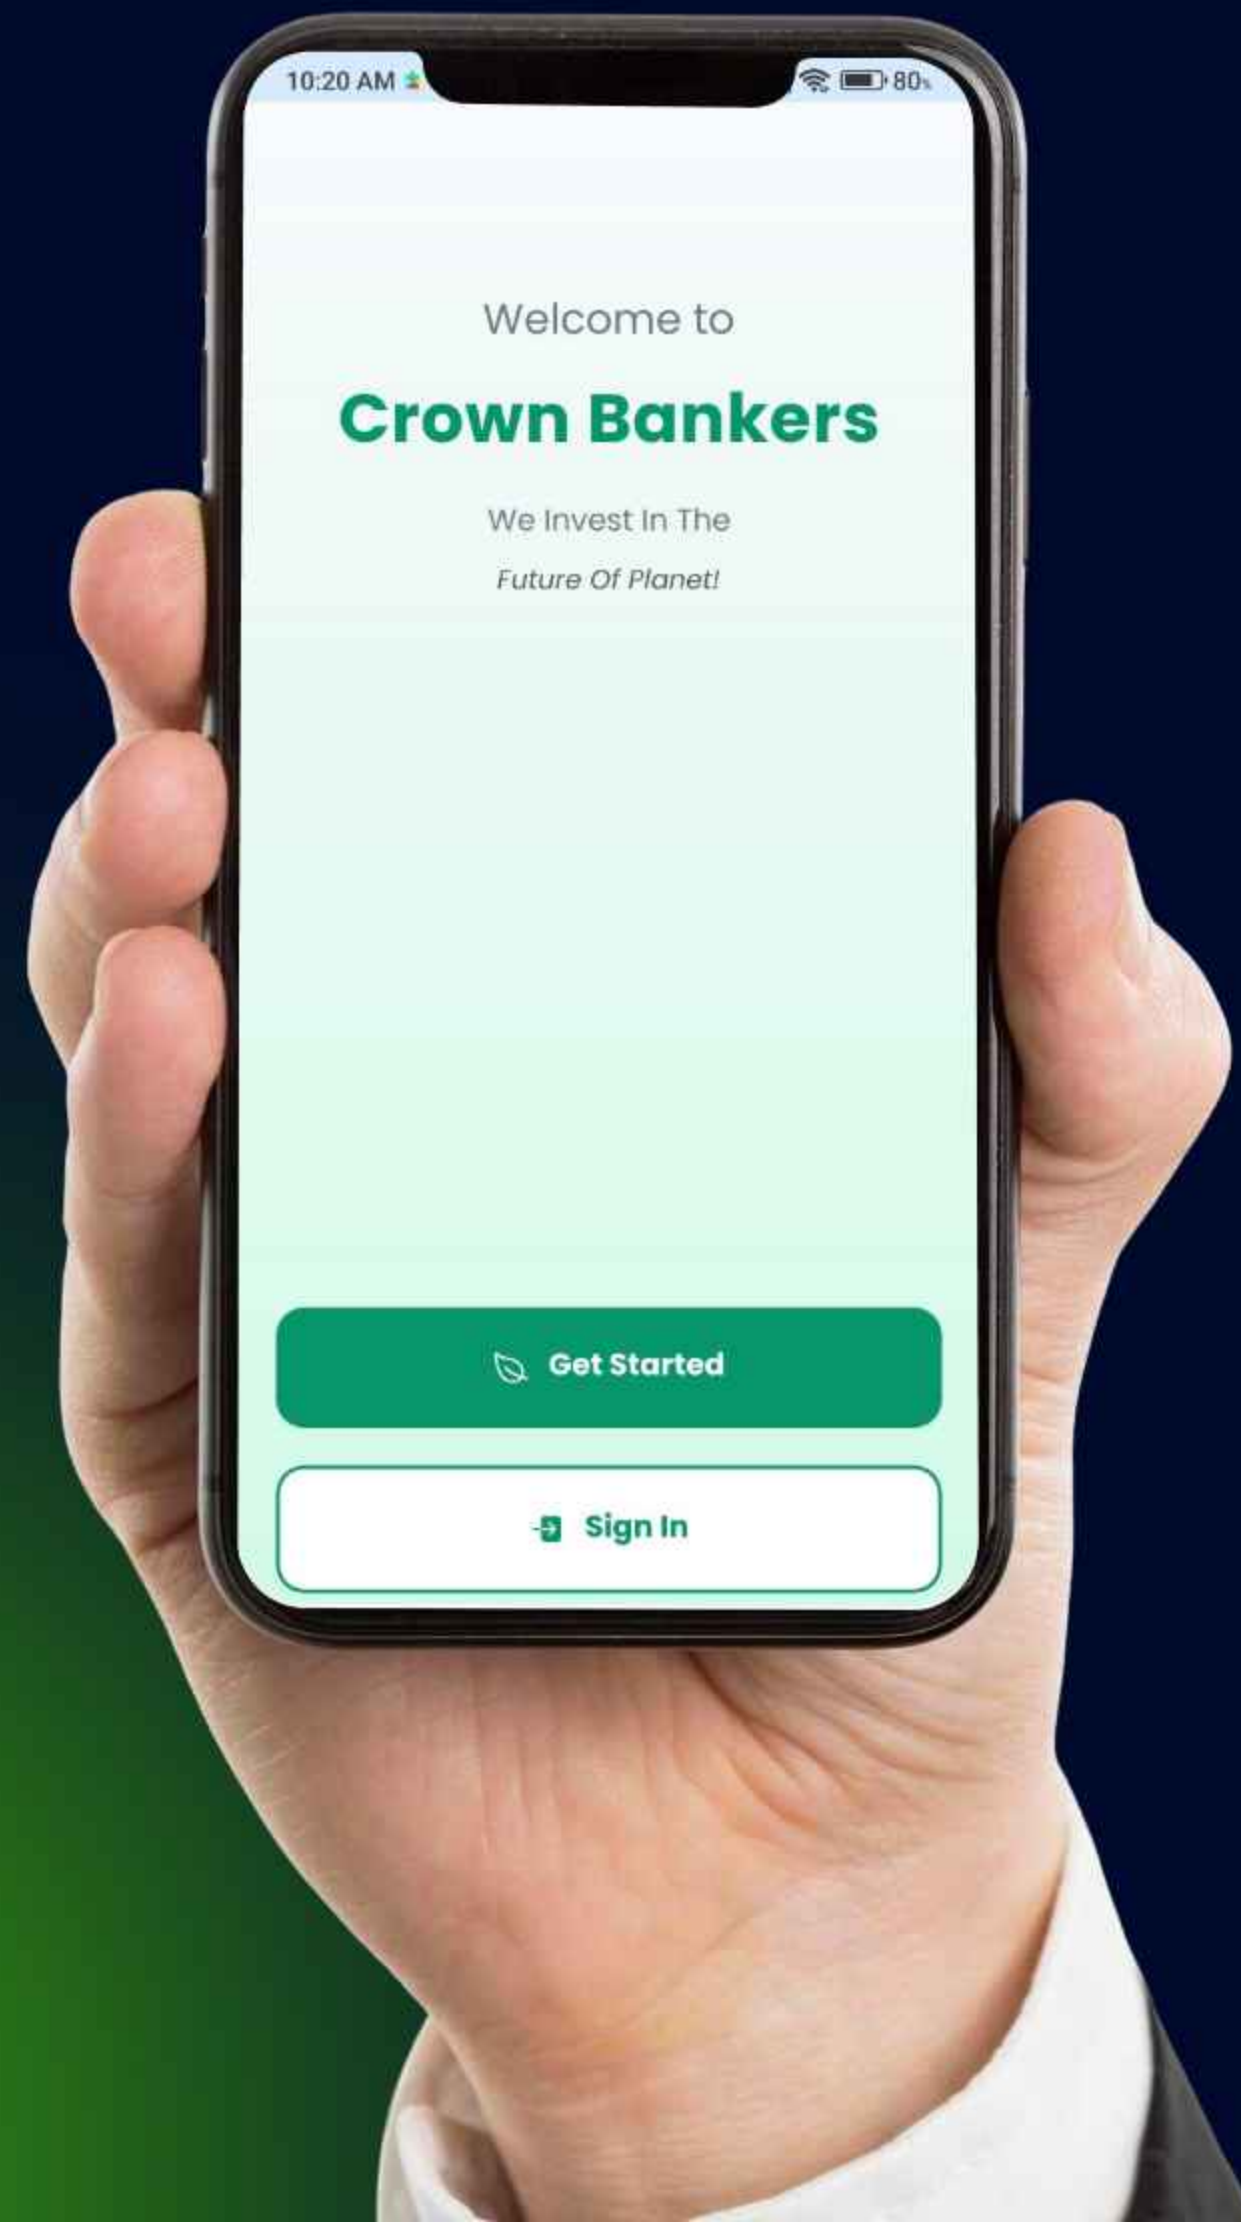

Sophie Taylor

Chief Financial Officer (CFO)

Sophie Taylor and her team handle the financial strategies at Crown Bankers, making critical decisions on investments and resource allocation. Her expertise ensures sustainable financial growth and stability.
